The Honorable Kay Granger  
Ranking Member  
House Appropriations Committee  
1036 Longworth House Office Building  
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2.56 million for wastewater collection and treatment systems improvements in Grace, Idaho in the FY23 Interior, Environment, and Related Agencies Appropriations bill.

The project sponsor for this project is the City of Grace located at 108 E. Center St. PO Box 288 Grace, ID 83241.

The funding is designated to administer electrical improvements at Grace's treatment plant, the replacement of their solids dewatering process, the replacement of 2,000 feet of collection piping, and the installation of several new manholes.

The project is an appropriate use of taxpayer dollars. The City of Grace has expressed a critical need to modernize its wastewater collection and treatment capabilities. This project aims to address those needs and promote the community's health.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Simpson". Below the signature, the letters "M.C." are written in a smaller, stylized font.
