The Honorable Tom Cole, Chairman
The Honorable Rosa DeLauro, Ranking Member
House Committee on Appropriations
H-307 the Capitol
Washington, DC, 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting \$4 million in funding for the Idaho Accelerator Center Upgrades project in fiscal year 2025. The entity to receive funding for this project is Idaho State University, located at 1500 Alvin Ricken Dr, Pocatello, ID, 83201. This funding would be used to upgrade the Center including modifications to shielding, new hot cells for safety and construction of a larger particle accelerator within the facility. This project is an appropriate use of taxpayer funds as the Idaho Accelerator Center plays a key role in supporting Department of Energy and national laboratory research objectives including those relating to nuclear materials, reactor materials, and medical isotopes, and this funding would build up the Center's capability to do so.

This project has a Federal nexus because the funding provided is for purposes described in Section 272 of Title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely

A handwritten signature in black ink, appearing to read "Mike Simpson".
