To Whom It Concerns:

We currently own and operate a business in the city limits of Grace, Idaho. We are very much in support of the new water system project that would update the piping from the springs to the city's holding tanks.

Sincerely,

A handwritten signature in black ink that reads "Wade Rigby".

To whom it may concern,

Grace Joint School District No. 148 is in favor of the City of Grace applying for and receiving a grant for a new water distribution system. This new system will improve the quality of life for the children of our community, as well as other stakeholders throughout our great city. We offer our endorsement and support for the City of Grace to seek grants for this purpose.

Sincerely,
