

April 7, 2022

Dear Congressman Simpson,

The City of Ammon supports the application for federal funding for the 1st Street Reconstruction project in Ammon. The City of Ammon will own and maintain the project after completion. This section of 1st Street is essential to the vitality of our regional economy and cannot be reconstructed without assistance from federal funding sources. We urge you to include this project in the funding approval for eastern Idaho.

Sincerely,

Mayor Sean J. Coletti
