Subject: City of Twin Falls Wastewater Infrastructure CPF

Dear Congressman Simpson:

The Idaho Dairymen write in strong support of the City of Twin Falls Community Project Funding request for wastewater infrastructure. We appreciate your leadership and continued support for agriculture in Idaho.

The City of Twin Falls has been a key partner for the Idaho dairy industry. They have been forward thinking in their plan for growth in the last two decades and the community has benefited in countless ways for that foresight. Because of this growth, Twin Falls has a need to upgrade its municipal wastewater systems. The funding they are applying for will help support the job creation, environmental stewardship, and public health.

Thank you for the opportunity to support the City of Twin Falls and their efforts to improve their municipal wastewater systems. Your continued support for agriculture in Idaho is applauded by the Idaho Dairymen.

Sincerely,
