To Whom it May Concern:

I'm writing to express my support for the Bonneville County Sheriff's Office Radio Improvement Project. Funding this project will provide replacement of 20 end of life repeater base stations in eight separate tower sites within Bonneville County. These tower sites are part of the critical communication infrastructure of the Upper Snake 700 MHz Radio System. It serves first responders in five counties in eastern Idaho including mine.

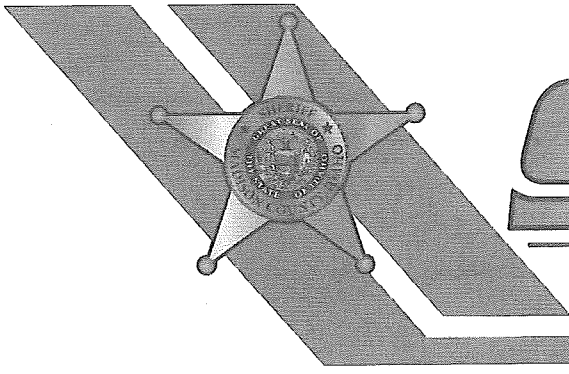

Please consider supporting this critical project.

Sincerely,

Sheriff Len Humphries

SHERIFF

MADISON COUNTY

March 25, 2024

To Whom It May Concern:

In regards to the Bonneville County Sheriff's Office Radio Improvement Project, I am in full support of the upgrade they are requesting. As you may be well aware, communication is vital for all emergency and non-emergency personnel and it is important for us to keep up with changing technology, which can become extremely expensive.

This proposal will affect all communications for the Upper Valley and will continue to benefit all agencies in the communities we serve.

Sincerely,

Sheriff Ron Ball

Steven P. Anderson
